

Fresnel Lens

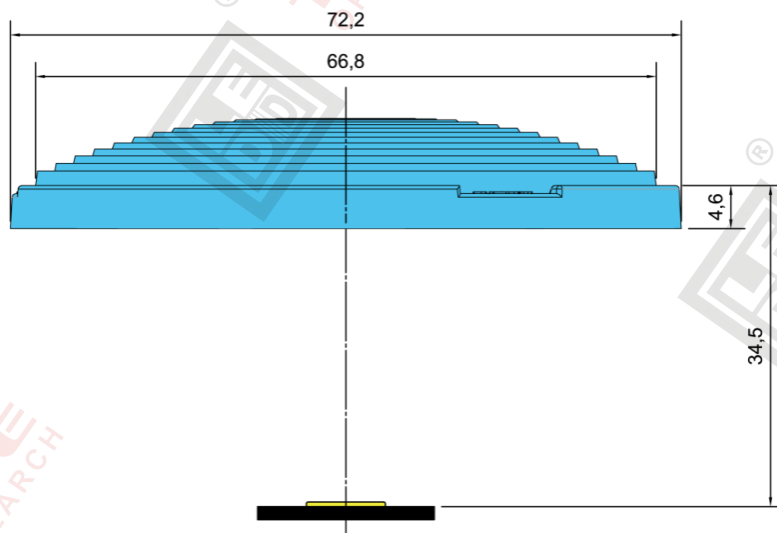

Cracker-GF Series

Cracker-GF series glass Fresnel lens adopts a new design and manufacturing process. Its ring structure has a sharper inclination angle and better surface quality. It is thinner, lighter and shorter focal length than conventional glass Fresnel lens. Short focusing travel, soft light spot, natural transition, maximum zoom range of 1 ~ 100°.

Lens model	Diameter	Height	F
Cracker-GF7235	72 mm	11.8 mm	35 mm
Cracker-GF9045	90 mm	12.5 mm	45 mm
